Carrying out research and field tasks under direct supervision of a Geophysicst researcher

- Magneteotelluric modeling, writing results and providing advice based on results
- Drafting and submitting results successfully through a peer-review process (Open File 7549)

EDUCATION

Sept 2009 -

Hon B.Sc. Double Major (Physics, Geomatics)

Dec 2013 University of Ottawa

> Cartography, Databases, Linear Algera, Multivariable Calculus, Differntials, Particle Mechanics, Waves and Optics, Electrodynamics, Thermodynamics, Geomorphology, Natural Resource Management, Impact Assessments, Geospatial Problem-Solving

Mar 2016 -May 2016

Web Bootcamp

Lighthouse Labs Toronto (May 2016, 2 months)

Ruby, Javascript, Front-End Development, AngularJS, Backend Development,

Rails, node.js. AJAX, API's, object-oriented programming, recursion.

CERTIFICATION, AWARDS

Chief Scout's Award, 1999 Canadian Forces Decoration, 2013 ESRI Certification - Desktop Associate, 2016

DEVELOPMENT - BRIANBANCROFT.CA

Examples of projects available at brianbancroft.ca include:

Rotten Mangoes - Backend RAILS ERB RUBY

UK Crime Webmap - Frontend JS BOOTSTRAP AJAX

Map Georeferencing - Backend PYTHON
